

We are always keen to hear from members of the school community to enable our school to become even better. We are frequently asking parents for their feedback either through paper survey, during Friends of Whitehall meetings or more informal methods such as chatting to staff on the playground. Here is a summary of what parents have said and what we have done as a result.

<b>Summer Term 2019 and Autumn Term 2019</b>	
<b>You said....</b>	<b>So we...</b>
<i>more information about school meals would be helpful.</i>	<i>Provided copies of the three week cycle of menus for each child and placed a copy on the reception window. Our provider is Walsall council and this is stated on the school website.</i>
<i>adult English courses would be beneficial.</i>	<i>Arranged for ESOL courses to be delivered in conjunction with Walsall College.</i>
<i>information about quality revision books would help the parents of year six children.</i>	<i>Orders for revision guides were made by school for parents that requested copies.</i>
<i>you would like a clear understanding of what would be taught in puberty lessons.</i>	<i>Mrs Botfield and Mrs Patel completed sessions at which parents could view the materials used to deliver puberty lessons.</i>
